Welcome

Latina/o Faculty Staff Association (LAFSA)

LAFSA is dedicated to recruitment, recognition of contributions, promotional opportunities and advancement of Latina/o faculty, academic and classified staff on the UW-Madison campus. We do this by fostering awareness on campus of Latina/o issues and needs. We support activities that increase recruitment, retention, professional growth, and the well-being of all Latina/o employees. We strive to increase and sustain Latina/o representation on all decision and policy-making bodies on campus. We are dedicated to insuring that the richness of Latina/o culture, values and contributions are woven into the university creating a greater understanding and acceptance. We recognize that links with the Latina/o community in Dane County will enrich the university and provide needed resources for this community. We will serve as a resource for Latina/o students on campus, and contribute to the diversity goals of the university.
